

Table of contents

Chapter 1

General introduction _____ **9**

Chapter 2

Export of the pseudopilin XcpT of the Pseudomonas aeruginosa type II secretion system via the SRP/Sec pathway _____ **39**

Chapter 3

Targeting of Pseudomonas aeruginosa pilin-pseudopilin chimeras to the type II secretion machinery _____ **67**

Chapter 4

Interaction domains in the Pseudomonas aeruginosa type II secretory apparatus component XcpS _____ **87**

Chapter 5

Species-specific outer membrane targeting of the Pseudomonas aeruginosa secretin XcpQ _____ **113**

Chapter 6

General and summarizing discussion _____ **137**

Samenvatting _____ **157**

Nawoord _____ **165**

List of publications _____ **167**

Curriculum vitae _____ **169**
