

## CONTENTS

Abbreviations	9
<b>Chapter 1</b>	11
General introduction	
<b>Chapter 2</b>	39
Induction of brain-region specific forms of obesity by Agouti	
<b>Chapter 3</b>	53
Multimeric $\alpha$ -MSH has increased efficacy to activate the MC4 receptor	
<b>Chapter 4</b>	65
Injection of rAAV-NPY in the paraventricular nucleus results in obesity	
<b>Chapter 5</b>	83
rAAV-mediated NPY overexpression in the mediodorsal hypothalamus reveals a role for NPY in body weight set-point in adult rats	
<b>Chapter 6</b>	99
Differential effects of rAAV-mediated NPY overexpression in the PVN and LH on energy balance	
<b>Chapter 7</b>	115
Interfering with neuropeptidergic systems; a comparison of strategies	
<b>Chapter 8</b>	121
Summary and general discussion
