

CONTENTS

Chapter 1	General introduction and aim of the thesis	1
Chapter 2	Effects of oFSH stimulation on steroid concentrations in the fluid of preovulatory follicles during final maturation in relation to the LH surge in the cow	33
Chapter 3	Isolation and identification of differentially expressed genes involved in meiotic resumption of bovine oocytes in vivo	55
Chapter 4	Quantification of mRNAs encoding molecular motors and genes involved in chromosome segregation during final maturation of bovine oocytes in vivo	85
Chapter 5	Alterations in the expression of genes involved in lipid metabolism during bovine oocyte maturation and blastocyst stage in vivo vs. in vitro	115
Chapter 6	Summarizing discussion	143
Samenvatting		157
