

Corrigendum

Corrigendum to: Analysis of multicentre epidemiological studies: contrasting fixed or random effects modelling and meta-analysis

Xavier Basagaña, Marie Pedersen, Jose Barrera-Gómez, Ulrike Gehring, Lise Giorgis-Allemand, Gerard Hoek, Massimo Stafoggia, Mark J Nieuwenhuijsen, Bert Brunekreef, and Rémy Slama; on behalf of the ESCAPE Birth Outcomes working group

First published online: 22 June 2018, *Int J Epidemiol* 2018; 47: 1343–1354. doi: <https://doi.org/10.1093/ije/dyy117>

In the original article, a line was omitted from the R code provided in the [Supplementary Material](#) file which would return the same results as obtained and published in the [Supplementary Material](#).

The corrected [Supplementary Material](#) is available in the [Supplementary data](#) at IJE online.
